ParentsWeb

Our **RenWeb School Management Software** gives you, the busy parent, an opportunity to get more involved in your child's academic progress and future success – all via the Internet!

RenWeb's ParentsWeb is a private and secure parents' portal that will allow parents to view academic information specific to their children, while protecting their children's information from others. You can see your child's grades, attendance, homework and conduct, as well as other useful school information. You can also communicate with teachers and other school staff online whenever necessary. All you need is an Internet-capable computer.

Here's how to access our easy-to-use **RenWeb ParentsWeb**:

- Go to the school's website at www.bayshorechristianschool.org and select the **Parents** link at the top of the home page. This will take you directly to RenWeb and the parent login screen.
- Log in as follows:
 1. Click the **First Time Users** tab if you have not logged in to RenWeb before. If you have, skip to Step 6.
 2. Type "**BAY-FL**" for your School ID.
 3. Enter your email address that you provided to the school.
 4. Click the **New User** button. You will receive an email containing your password within 3 minutes (to the email address you entered, which must be the same email address that you provided to the school).
 5. Click the **Parents** tab.
 6. Enter your email address that you provided to the school.
 7. Enter the password assigned.
 8. Click the **Parent Login** button.

You should now be logged in to the School Information home page of ParentsWeb. To learn more about ParentsWeb, click the **Tour the New ParentsWeb** button to take a 6-minute video tour.

Note: If you are on a dial-up connection and experience long delays in loading the web pages, please select the **Dial-up** option on the Parents login page before clicking the **Parent Login** button. This will take you to a dial-up version of ParentsWeb that contains the same information but in a dial-up-friendly environment that requires fewer graphics.

Please call us if you have any problems or questions.

We look forward to your participation. Together we can continue to improve our children's academic development as well as communication between our school and your home.
